

Note: Each nursery has a different layout for plant names, however, we do want to make sure only eligible items are reimbursed.

Photo: Clear picture or scan, clearly see the date of purchase, plant nursery, plant selection and total.

Photos: Clear picture or scan, clearly see the date of purchase, plant nursery, plant selection, total and highlighted what was going toward grant.

Important to have clear photograph or scan of receipt. We will not accept unreadable receipts.

Total Project Cost: \$511.64

25% Match:

Landowner had 10 hours in -kind labor and listed dates (7/20/20, 8/1/2020, 8/8/2020). 1 hour is valued at \$25.00. Landowners can not get paid for labor. Landowners project cost also included eligible materials above the reimbursement amount that can go toward match.

Total Reimbursement: \$350.00

Photo: Before photos are needed. Photo shows boulevard as turf grass. Boulevard plantings are a variation of a pocket garden.

Make sure your photos clearly show the entire project location before and after.

Photo: After photo shows installed plants and mulch in the boulevard.

Photo: After photo panoramic helps to show the temporary barrier until plants get established.

Last step is to map your project location. The link will be provided when you fill out your reimbursement request here: <https://bluethumb.org/map-your-completed-project/>
