

### Lawns to Legumes Individual Support

# Example documentation needed to receive reimbursement

(Refer to the <u>Eligible Expenses Guide</u> for details on what purchases are reimbursable)

#### What You'll Need to Submit:

1. ITEMIZED RECEIPTS

2. BEFORE + AFTER PHOTOS

3. 25% MATCH

### 1. Itemized Receipts

Receipts should be itemized and show that your purchased plants are native (with a few exceptions noted on the Eligible Expenses Guide).

Make sure that the receipt shows key details (date, nursery/retailer name, plant/item names, and total) so that staff can process reimbursement.

We will not accept unreadable receipts.

If your receipt is not itemized or does not include names of plants/items, please also submit either a list of the plant/item names purchased. A photo of your plant tags can also work!

Retailer Name Ticket # User: SUE D Station:4-1 Sales Rep SUE D 12 12352:2:50:21 PM Item Qty Price Total Description 23450 5.49 5.49 Chives Onion 4" GV00002 12.99 12.99 Aster Wood's Purple #1 GV 25905 21.99 43.98 Rhubarb Canada Red #1 BN 100074 7.99 15.98 Perennial 4" Swift 6-0000311 4.49 8.98 Asparagus Mary Washington 4" 23420 5.49 5.49 Basil Lemon 4" MULCHMN 7.99 Mink Brown Mulch 2CF Subtota1 156.83 Tax 11.17 Total Ibo.L

If your receipt includes
purchases that are not
part of your L2L project,
circle or highlight the
purchases you are
requesting
reimbursement for.

#### 1. Before and After Photos

Don't worry if your photos are not pretty! Your planting or pollinator lawn will mature with time. We simply want to see that you successfully installed your project.

#### 3. 25% Match

Grantees must provide at least a 25% match for their total reimbursement request. This match is your inkind contribution to your project, it is not part of your reimbursed amount. Your match can be in the form of additional purchases, time spent on your project, or a combination of both.

# MATCH OPTION 1: ADDITIONAL PURCHASES

Additional purchases for your match must be for eligible plants, materials, or fees for hiring contractors. For example, if you spend \$350 on your project, you will need to spend \$87.50 of your own money in order to fulfill your match.

# MATCH OPTION 2: TIME SPENT ON YOUR PROJECT

In-kind time spent planting or maintaining plants is calculated at \$25/hr. For example, if you spend \$350 on your project, you and your helpers will need to work a total 3.5 hours in order to fulfill your 25% match.
