

# Lawns to Legumes

## Project Checklist Spring 2026

### January and February

- ☐ Confirm your grant award by the deadline stated in your award email. Fill out the Confirmation Form linked in the email.
- ☐ Review grant information and watch the Kick-Off and Q+A Session.
- ☐ Request a coach if needed (watch your email in mid-February for the request form).

### March

- ☐ Plan your project (choose location, pre-order plants, etc.)
- ☐ If you have a coach, start discussing ideas.

### April and May

- ☐ Take “before” photos.
- ☐ When snow melts and the ground thaws, start any site prep (such as sod removal).
- ☐ Once soil temperatures reach 50 degrees Fahrenheit (when dandelions bloom), you can start planting!
- ☐ Purchase plants and materials (remember to keep receipts).
- ☐ The Reimbursement Request Form opens on May 1. Watch your email for the link, and fill out the form after completing your project.

### June and July

- ☐ Complete your project.
- ☐ Take “after” photos.
- ☐ Fill out the Reimbursement Request Form as soon as your project is complete (deadline is July 15, 2026).
- ☐ Care for your installed project by watering regularly until the ground freezes in fall (1 inch a week when no rain).
